

Fed: “Research and analysis about consumers, their financial experiences, and the communities in which they live inform Federal Reserve policymaking.” – Fed Board

Fed Unfiltered: Each week we’ll read through and outline the most relevant information for your decision-making.

FOMC Voting Rotation (2023 & 2024): The St. Louis Fed published an interactive table on its website which identifies the FOMC voting members through 2050.

St. Louis Fed – FOMC Voting Rotation for 2023 & 2024

- “The Federal Open Market Committee (FOMC) is the main monetary policymaking body of the Federal Reserve. It includes both rotating and permanent voting seats, for a total of 12.”
- “The Federal Reserve System is decentralized by design, with 12 Federal Reserve banks rooted in communities across America. This is so the people making decisions about monetary policy hear diverse perspectives. Although most bank presidents vote on a rotating cycle, all have a seat at the table during FOMC meetings—and they bring the voice of Main Street to the table, too.”

Voting Year - 2024

4 Rotating Votes

Each year, four FOMC votes rotate among 11 Federal Reserve bank presidents. Districts are in groups that rotate in either a three- or two-year cycle. [Tap a district to learn more.](#)

1A Boston	3C Philadelphia	5E Richmond
